

getting around grand cayman

President's Club Winners and their guests have access to the Seafire's complimentary cruiser bicycles (based on availability) for quick jaunts on the West Side and along Seven Mile Beach. Please note there is no Uber or Lyft available. Instead, Grand Cayman offers three main transportation options to get out and explore more of the island:

car rental

1. Renting a car is the most flexible option for exploring beyond the West Side, available from roughly US\$25–70+/day depending on vehicle size and season. Visitors need a valid home-country driver's license and be comfortable driving on the left-hand side of the road, British-style. Winners and their guests receive complimentary onsite overnight valet parking at the Seafire.

taxi

2. Taxis are widely available at taxi stands near hotels, attractions, marinas, cruise terminals, and the airport. A short ride to George Town and/or along Seven Mile Beach typically runs US\$15–25, with longer trips (e.g., to the East End) reaching US\$80+. Visitors must find taxis at fixed taxi stands or schedule a pickup by calling (345) 926-8294 or (345) 925-4546. Fares can be estimated in advance using the free [CI:GO](#) taxi fare calculator app, Cayman's official government-backed tool. Please note: the app is used for cost estimates only and the app will not hail the ride.

public bus

3. The public bus system operates seven days a week via nine color-coded minibus routes starting from the central depot in George Town, running from 7:00am to 7:00pm, Monday - Friday. Fares are Cayman cash-only and run CI\$2–2.50 (about US\$2.40–3.00) for short trips, CI\$3.50 (~US\$4.20) for longer routes to the East End/Botanical Gardens, and up to CI\$8 (~US\$9.60) for far-flung stops like Cayman Kai/Rum Point. No advance booking required; just wave one down from the roadside or wait at a designated stop and pay the driver upon exit!
